

A little while you wait task

- A woman lives on the 30th floor and hates taking the stairs. Every day she takes the elevator down to the lobby floor to go to work. When she comes home from work, she takes the elevator to the 20th floor and walks the rest of the way up, except on days when it rains. Those days she takes the elevator all the way home. Why does she walk the last ten flights of stairs if she hates it so much?

Answer

- The woman is too petite to reach the button for the 30th floor. She can only reach the 20th floor button. On days when it rains, she uses her umbrella to hit the button for the 30th floor.

Meet the Teachers!

THAMESIDE
SCHOOL

Our school vision

'Every Child, Every Chance, Every Day'

We want our children to be confident and independent, have a love of learning and to care about themselves, other people and the world around them.

OUR VISION IS TO NURTURE LIFE-LONG LEARNERS WHO ARE ASPIRATIONAL, COURAGEOUS, CREATIVE AND KIND.

Throughout their time at Thameside, we will ensure every child has excellent opportunities with memorable and meaningful experiences which will inspire and challenge them at school while also preparing them for their future. Everything we do is underpinned by our values of respect, responsibility, resilience, resourcefulness and reflectiveness.

Unit cover sheets for children's books and termly overviews for parents

THAMESIDE
SCHOOL

Maths Term: Summer Year 5
Unit: Decimals

Our Learning Journey:

$$4 \times 10 = 40$$

$$0.9 \times 10 = 9$$

$$\text{So } 4.9 \times 10 = 49$$

4	2	3
-	2	1
		2

Vocabulary:

decimal	thousandths
decimal places	efficient
tenths	complements
hundredths	equivalent
